

English

Our children are learning how to describe characters. We will be discovering everyone's favourite amber dragon: Zog! And maybe some of his friends.

Science

Science this term sees Year 1 revisiting plants and trees. We will be excited to see what the children can recall, especially with summer in full bloom. We will also visit biology when we look at animals and humans.

Welcome Back!

The Year 1 team hope you all have had a fantastic Easter holiday with plenty of rest! We have some exciting subjects ahead for the children this term. Though it will be a challenge as we prepare for next year. Good luck Year 1!

History

History is always an exciting subject and this term is no different! We're having an in-depth study of the past and present. This means we will be taking a look at changes over time in such things as a human lifecycle and community.

Maths

Summer sees Year 1 take on one of the most important aspects of mathematics: multiplication. Our approach is fun, engaging and will equip the children with the best skills for this key subject.

Computing

Our computing curriculum will see the children learn to group data. We will also have an introduction into the engaging world of programming!

PE

Summer PE takes on some key physical skills to set the children up for success in the year to come. We revisit balance skills, teamwork, field communication, ball control, and bat & ball skills.

Music

Our music topic sets the children up to cement their knowledge of tempo and dynamics. We discuss this over music they won't have heard before and also their favourite tracks.

PSHE

PSHE takes a deep dive into the importance of respect and friendships. It is a fantastic and important subject that brings out the best in the children's thoughts and conversations. We're looking forward to hearing everything they have to discuss.

Geography

One of the most popular topics of geography is covered over summer: maps! Children will learn to read maps as well as create their own. This is tied in with the study of community.

RE

A favourite subject for the children, RE sees us discuss the Jewish faith and Shabbat. It is always a subject filled with rewarding discussion and great group work.

Dates to remember...

- 06.05.24 Bank Holiday Monday
- 07.05.24 Golden Toy shop reading reward
- 21.05.24 Diversity Day
- 24.05.24 Last day before half term
